SYN-TECH CHEM. & PHARM. CO., LTD.

2025 Business Report

I. Company policies

Food and Drug Administration (TFDA) of MOHW became official member of PIC/S since 1st/Jan/2013. For promoting the drug quality to assure the health of the people, TFDA announced that API implementing Current Good Manufacturing Practice at 22th/Apr/2002. In addition, PIC/S GMP Part II was taking place in 1st/Jan/2016. All the APIs must meet GMP regulation. Syn-Tech achieved this requirement. In order to ensure the quality and safety of drug delivery, and further promote the GDP regulation, Syn-Tech accepted the audit by TFDA on October, 2021, and passed the evaluation on January 7, 2022. Due to the efforts of TFDA and domestic API manufacturers, in 2023, our country's APIs were approved by the EU and included in the list of third countries. From then on, APIs can be directly exported to the EU. Environment protection and energy saving became tendency international consensus. Syn-Tech approved and implemented ISO9001 quality system, ISO14001 and ISO45001 continuously. Throughout the Company's development, equal emphasis has been placed on quality, environmental protection, and safety. The Company was also honored with the 2024 Excellence Award for Net-Zero Industry Competitiveness among Taiwan's listed and OTC biotechnology and pharmaceutical companies. Through these efforts, the Company strives to ensure sound operational development, pursue sustainable management, and lay a solid foundation for its long-term mission of benefiting society.

II. Business operation

Pharmaceutical products are closely related to public health and the advancement of human well-being. Syn-Tech follows the philosophy "Abide by the original intention to pursue for the best", and is committed to the production of high-quality APIs. The Company has successfully passed both regular and ad hoc inspections conducted by the TFDA. In addition, DMFs for its products have been registered in major markets including Europe, the United States, Canada, Japan, Korea, and India. The Company has also successfully passed rigorous inspections by MFDS, USFDA, PMDA Japan, and

EDQM, thereby enabling its products to be marketed in advanced markets and many other countries worldwide. In the spirit of seeking truth from facts, the Company has strengthened talent cultivation after establishing a solid foundation. Adhering to its management philosophy of integrity, pragmatism, and innovative development, the Company continues to develop and manufacture high-quality products. In 2025, the Company was also honored with the Taipei Biotech Award. Looking ahead, the Company will further advance the research and development of new APIs, expand its international presence, and pursue broader growth and development.

III. Result of business implementation

The Company's net operating revenue of year 2025 was NT\$ 1,300,241 thousand, compared with 2024 NT\$ 1,257,665 thousand, it grew about 3.39%; net income for the year was NT\$ 261,609 thousand, compared with 2024 NT\$ 393,284 thousand, it decreased 33.48%.

IV. Implementation of operating income and expenses

1. Operating income section

2025 net operating revenue was NT\$ 1,300,241 thousand, compared with 2024 NT\$ 1,257,665 thousand, an increase of NT\$ 42,576 thousand, a growing of 3.39%, mainly due to the growth in exports to Japan, which drove the increase in operating revenue.

2. Operating Expenses section

The operating expenses of 2025 was NT\$ 980,380 thousand, compared with 2024 NT\$ 906,861 thousand, an increase of NT\$ 73,518 thousand, a growing of 8.11%, mainly due to the increase in operating costs caused by the increase in operating revenue.

V. Profitability Analysis

The 2025 gross profit decreased by 7.51% compared with 2024, mainly due to price competition in export markets, exchange rate fluctuations, and adjustments in the product sales mix.

However, operating expenses decreased by 4.14% compared to 2024, due to lower personnel, research costs and commission expenses.

In addition, non-operating income declined significantly by 89.77% compared with 2024, mainly due to lower claims revenue, currency exchange gains, and interest income.

In summary, the net income for the year decreased significantly by 33.48% compared to 2024.

VI. The development of research

The Company's 2025 research and development expense was NT\$ 38,870 thousand, in addition to the design and development of new products, key intermediates, and optically active chemicals to enhance the Company's market competitiveness, efforts were made to optimize the processes of existing products. The Company also collaborated with the Biotechnology and Pharmaceutical Industries Promotion Office, MOEA to introduce Process Analytical Technology (PAT) for on-site production. This approach reduces the need for multiple sampling and testing, thereby improving production efficiency and minimizing waste treatment, in line with the Company's goal of energy-saving, carbon-reducing, and green design production. The Company is committed to the sustainable development of pharmaceutical products, focusing on polymorph research, establishment of polymorph analysis methods, and particle size investigations. Furthermore, the Company continues to collaborate with partners in Japan and Germany on technology transfer projects, cooperates with domestic biotechnology companies on new drug development, and works with the Biomedical Industry Research Institute on the development of specialized APIs. These efforts enhance the technological level and competitiveness of its products. The Company is also developing asymmetric reduction techniques for use in optically active products, clinical APIs, and novel compound manufacturing processes, aiming to expand into new drug development and ultimately benefit society.

Directors and Independent Directors Remunerations

I. The Company's policies, standards, remuneration structure for directors, and the linkage with operating performance evaluation results:

i. The Company's policies, standards, and remuneration structure for directors:

1. According to Articles 20 and 24 of the Articles of Incorporation, when the Company makes a profit of the current year ("a profit" refers to the pre-tax Income before deduction of the following employee compensation and directors compensation), after losses have been covered, shall make distribution to require 1 to 10 percent of the balance as employee compensation, and to require not more than 3 percent of the balance as directors compensation. The directors compensation may be paid in cash only.

2. The remuneration for directors, including independent directors, comprises director fees, compensation, and business execution expenses. In addition to referencing prevailing practices within the industry, the allocation considers each director's professional expertise and guidance, participation in company management, and the results of performance evaluations. It also takes into account the achievement of the Company's short-term business objectives, the Company's financial condition, and the reasonableness of the linkage to operating performance. Remuneration is distributed proportionally based on the director's tenure during the relevant fiscal year.

ii. Linkage to the results of operating performance evaluations:

1. Operating Performance: The Company regularly evaluates the performance of its directors in accordance with the 'Rules for Performance Evaluation of Board of Directors.' For 2025, the achievement rate of operating revenue reached 95.95%, and the pre-tax net income achievement rate was 106.54%. Operating revenue in 2025 increased by 3.39% compared with 2024; however, net income for the same period decreased significantly by 33.48% relative to 2024.

2. Sustainability Performance: In line with the Company's sustainability commitments, including energy saving and carbon reduction, raw material recycling, sustainable use of renewable resources, and greenhouse gas reduction, the amount spent on green procurement in 2025 totaled NT\$9.27 million.

3. External Evaluation: In the Company's corporate governance assessment for listed companies, the Company ranked within the 6%–20% tier.

4. Industry Benchmark: Remuneration is determined with reference to the average director compensation of peer listed and OTC API companies, such as Yung Zip, SCI, SPT, and CCSB, among other factors.

5.The Company has also established the ‘Regulations Governing the Payment of Directors’ Remuneration and Compensation.’ Except that the Chairman receives fixed remuneration determined within the range of prevailing industry standards, any future adjustments, if necessary based on the Company’s actual operating conditions, shall be proposed by the Audit Committee and the Remuneration Committee and approved by the Board of Directors.

6.As all independent directors also serve as members of the Audit Committee and the Remuneration Committee, they are responsible for participating in committee discussions and resolutions. Therefore, their business execution expenses are slightly higher than those of general directors.

Based on the above evaluation factors, the decline was mainly attributable to the decrease in non-operating income. Among these, claims revenue was a one-time item, while currency exchange gains are not entirely controllable through internal management. Although operating revenue increased, the net profit margin after tax declined significantly, resulting in a slight deterioration in overall operating performance. Accordingly, the directors’ performance evaluation results for 2025 were slightly lower than those for 2024, and the remuneration for directors was therefore slightly reduced.

INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Shareholders of SYN-TECH Chem. & Pharm. Co., Ltd.

Opinion

We have audited the accompanying balance sheets of SYN-TECH Chem. & Pharm. Co., Ltd. (the "Company") as of December 31, 2025 and 2024, and the related statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 and 2024, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards in the Republic of China (ROC GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters of the financial statements of the current period are as follows:

Existence of sales revenue

Description

Please refer to Note 4(22) for accounting policies on revenue recognition. Sales revenue is recognised when control of the products has transferred, being when the products are delivered to the customer, the customer has full discretion over the channel and price to sell the products, and there is no unfulfilled obligation that could affect the customer's acceptance of the products.

The Company is primarily engaged in the manufacturing and sales of Active Pharmaceutical Ingredients. The Company's customers are numerous, including domestic and foreign pharmaceutical companies and trade agents. Since the sales transactions are numerous and would require a longer period for verification, we consider the existence of sales revenue a key audit matter.

How our audit addressed the matter

We performed the following key audit procedures for the above matter:

1. Assessed the consistency and effectiveness of sales recognition to evaluate the effectiveness of the internal control of the management sales recognition.
2. Selected samples of sales transactions and checked against related supporting documentation, including customer orders, delivery orders, export declaration, invoice and subsequent cash collection.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial

Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with generally accepted auditing standards in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with generally accepted auditing standards in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

- fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 6. Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Company to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be

thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

When the Company makes a profit of the current year ("a profit" refers to the pre-tax Income

before deduction of the following employee compensation and directors compensation), after losses have been covered, shall make distribution as follows:

1. to require 1 to 10 percent of the balance as employee compensation.
2. to require not more than 3 percent of the balance as directors compensation.

The amount of employee compensation mentioned above should allocate no less than 60% to the distribution of compensation for the non-executive employees. The employee compensation may distributed in the form of stock or cash, and may be granted to employees of the subordinate companies who satisfy certain criteria. The aforementioned directors compensation may be paid in cash only.

The distributions referred to in the preceding two paragraphs shall be reported to the board of directors by the remuneration committee, and shall be made by a resolution of the board of directors with at least two-thirds of the directors present and a majority of the directors present, and shall be reported to the shareholders' meeting.

Article 24-1:

The Company considers the changing industrial environment and the growth of the company. In response to future capital needs and long-term planning, and meeting the shareholders' demand for cash inflows, the Company will distribute the surplus profits in the following order after the final settlement:

1. to paid all taxes and dues;
2. making good the deficit (or loss) of the Company;
3. to set ten percent of profits as legal reserve. Where such legal reserve amounts to the total paid-in capital, this provision shall not apply;
4. to set or reverse special reserve when necessary;
5. the balance, together with the accumulated undistributed profits in the previous year, are the accumulated distributable profits. The board of directors will formulate a profits distribution proposal and send it to the shareholders' meeting to resolve the distribution of dividends.

The company authorized the Board of Directors to process resolution resolved by a majority vote at the meeting attended by two-thirds or more of the total number of directors, all or part of distributed dividends and bonus, and capital reserve/legal surplus reserve shall be distributed by cash. The result shall be reported to the shareholders' meeting. When the shareholders bonus is distributed in stock dividend, it shall be allocated according to the resolutions of the shareholders' meeting.

The proposal for earning distribution proposed by the board of directors, shall be set aside at least 10 percent of the accumulated distributable profit as shareholder bonus. The percentage of cash dividend shall not lower than 20 percent of the total dividends; however, if the cash dividend is less than NT\$0.2 per share, it may be distributed by stock dividends after the resolution of the shareholders' meeting.

Article 25:

The dividends distribution is limited to the shareholders who are recorded in the shareholders' roster within 5 days prior to the target date fixed for distribution of dividends and bonus.

Appendices 2:

SYN-TECH CHEM. & PHARM. CO., LTD **Rules of Procedure for Shareholders Meetings**

Article 1:

To establish a strong governance system and sound supervisory capabilities for the Company's shareholders meetings, and to strengthen management capabilities, these Rules are adopted pursuant to Article 5 of the Corporate Governance Best-Practice Principles for TWSE/GTSM Listed Companies.

Article 2:

The rules of procedures for the Company's shareholders meetings, except as otherwise provided by law, regulation, or the Articles of Incorporation, shall be as provided in these Rules.

Article 3:

Unless otherwise provided by law or regulation, the Company's shareholders meetings shall be convened by the board of directors.

Unless otherwise provided in the Regulations Governing the Administration of Shareholder Services of Public Companies, the Company that will convene a shareholders' meeting with video conferencing shall expressly provide for such meetings in the Articles of Incorporation and obtain a resolution of the board of directors. Furthermore, convening of a virtual-only shareholders' meeting shall require a resolution adopted by a majority vote at a meeting of the board of directors attended by at least two-thirds of the total number of directors.

Changes to how the Company convenes its shareholders meeting shall be resolved by the board of directors, and shall be made no later than mailing of the shareholders meeting notice.

The Company shall prepare electronic versions of the shareholders meeting notice and proxy forms, and the origins of and explanatory materials relating to all proposals, including proposals for ratification, matters for deliberation, or the election or dismissal of directors or supervisors, and upload them to the Market Observation Post System (MOPS) before 30 days before the date of a regular shareholders meeting or before 15 days before the date of a special shareholders meeting. The Company shall prepare electronic versions of the shareholders meeting agenda and supplemental meeting materials and upload them to the MOPS before 21 days before the date of the regular shareholders meeting or before 15 days before the date of the special shareholders meeting. In addition, before 15 days before the date of the shareholders meeting, the Company shall also have prepared the shareholders meeting agenda and supplemental meeting materials and made them available for review by shareholders at any time. The meeting agenda and supplemental materials shall also be displayed at the Company and the professional shareholder services agent designated thereby.

The Company shall make the meeting agenda and supplemental meeting materials in the preceding paragraph available to shareholders for review in the following manner on the date of the shareholders meeting:

1. For physical shareholders meetings, to be distributed on-site at the meeting.
2. For hybrid shareholders meetings, to be distributed on-site at the meeting and shared on the virtual meeting platform.
3. For virtual-only shareholders meetings, electronic files shall be shared on the virtual meeting platform.

The reasons for convening a shareholders meeting shall be specified in the meeting notice and

public announcement. With the consent of the addressee, the meeting notice may be given in electronic form.

Election or dismissal of directors, amendments to the Articles of Incorporation, reduction of capital, application for the approval of ceasing its status as a public company, approval of competing with the company by directors, surplus profit distributed in the form of new shares, reserve distributed in the form of new shares, the dissolution, merger, or demerger of the corporation, or any matter under Article 185, paragraph 1 of Company Act, or Article 26-1 and 43-6 of Securities and Exchange Act, or the matter under Article 56-1 and 60-2 of the Regulations Governing the Offering and Issuance of Securities by Securities Issuers, shall be set out and the essential contents explained in the notice of the reasons for convening the shareholders meeting. None of the above matters may be raised by an extraordinary motion.

Where re-election of all directors as well as their inauguration date is stated in the notice of the reasons for convening the shareholders meeting, after the completion of the re-election in said meeting such inauguration date may not be altered by any extraordinary motion or otherwise in the same meeting.

A shareholder holding one percent or more of the total number of issued shares may submit to the Company a written proposal for discussion at a regular shareholders meeting. The number of items so proposed, however, is limited to one only. In addition, when the circumstances of any subparagraph of Article 172-1, paragraph 4 of the Company Act apply to a proposal put forward by a shareholder, the board of directors may exclude it from the agenda. A shareholder may submit a proposal for urging the corporation to promote public interests or fulfill its social responsibilities in accordance with the relevant provisions of Article 172-1 of the Company Act, however, is limited to one only.

Prior to the book closure date before a regular shareholders meeting is held, the Company shall publicly announce its acceptance of shareholder proposals in writing or electronically, and the location and time period for their submission; the period for submission of shareholder proposals may not be less than 10 days.

Shareholder-submitted proposals are limited to 300 words, and no proposal containing more than 300 words will be included in the meeting agenda. The shareholder making the proposal shall be present in person or by proxy at the regular shareholders meeting and take part in discussion of the proposal.

Prior to the date for issuance of notice of a shareholders meeting, the Company shall inform the shareholders who submitted proposals of the proposal screening results, and shall list in the meeting notice the proposals that conform to the provisions of this Article. At the shareholders meeting the board of directors shall explain the reasons for exclusion of any shareholder proposals not included in the agenda.

Article 4:

For each shareholders meeting, a shareholder may appoint a proxy to attend the meeting by providing the proxy form issued by the Company and stating the scope of the proxy's authorization. A shareholder may issue only one proxy form and appoint only one proxy for any given shareholders meeting, and shall deliver the proxy form to the Company before five days before the date of the shareholders meeting. When duplicate proxy forms are delivered, the one received earliest shall prevail unless a declaration is made to cancel the previous proxy appointment.

After a proxy form has been delivered to the Company, if the shareholder intends to attend the meeting in person or to exercise voting rights by correspondence or electronically, a written notice of proxy cancellation shall be submitted to the Company before two business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by

the proxy shall prevail.

If, after a proxy form is delivered to the Company, a shareholder wishes to attend the shareholders meeting online, a written notice of proxy cancellation shall be submitted to the Company two business days before the meeting date. If the cancellation notice is submitted after that time, votes cast at the meeting by the proxy shall prevail.

Article 5:

The venue for a shareholders meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a shareholders meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of the meeting.

The restrictions on the place of the meeting shall not apply when the Company convenes a virtual-only shareholders meeting.

Article 6:

The Company shall specify in its shareholders meeting notices the time during which shareholder attendance registrations for shareholders, solicitors and proxies (collectively "shareholders") will be accepted, the place to register for attendance, and other matters for attention.

The time during which shareholder attendance registrations will be accepted, as stated in the preceding paragraph, shall be at least 30 minutes prior to the time the meeting commences. The place at which attendance registrations are accepted shall be clearly marked and a sufficient number of suitable personnel assigned to handle the registrations. For virtual shareholders meetings, shareholders may begin to register on the virtual meeting platform 30 minutes before the meeting starts. Shareholders completing registration will be deemed as attend the shareholders meeting in person.

Shareholders shall attend shareholders meetings based on attendance cards, sign-in cards, or other certificates of attendance. The Company may not arbitrarily add requirements for other documents beyond those showing eligibility to attend presented by shareholders. Solicitors soliciting proxy forms shall also bring identification documents for verification.

The Company shall furnish the attending shareholders with an attendance book to sign, or attending shareholders may hand in a sign-in card in lieu of signing in.

The Company shall furnish attending shareholders with the meeting agenda book, annual report, attendance card, speaker's slips, voting slips, and other meeting materials. Where there is an election of directors, pre-printed ballots shall also be furnished.

When the government or a juristic person is a shareholder, it may be represented by more than one representative at a shareholders meeting. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.

In the event of a virtual shareholders meeting, shareholders wishing to attend the meeting online shall register with the Company two days before the meeting date.

In the event of a virtual shareholders meeting, the Company shall upload the meeting agenda book, annual report and other meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the meeting.

Article 6-1:

To convene a virtual shareholders meeting, the Company shall include the follow particulars in the shareholders meeting notice:

1. How shareholders attend the virtual meeting and exercise their rights.
2. Actions to be taken if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events, at least covering

the following particulars:

- A. To what time the meeting is postponed or from what time the meeting will resume if the above obstruction continues and cannot be removed, and the date to which the meeting is postponed or on which the meeting will resume.
 - B. Shareholders not having registered to attend the affected virtual shareholders meeting shall not attend the postponed or resumed session.
 - C. In case of a hybrid shareholders meeting, when the virtual meeting cannot be continued, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders meeting online, meets the minimum legal requirement for a shareholder meeting, then the shareholders meeting shall continue. The shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, and the shareholders attending the virtual meeting online shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders meeting.
 - D. Actions to be taken if the outcome of all proposals have been announced and extraordinary motion has not been carried out.
3. To convene a virtual-only shareholders meeting, appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders meeting online shall be specified. Except in the circumstances set out in Article 44-9, paragraph 6 of the Regulations Governing the Administration of Shareholder Services of Public Companies, it shall at least provide the shareholders with connection facilities and necessary assistance, and specify the period during which shareholders may apply to the Company and other related matters requiring attention.

Article 7:

If a shareholders meeting is convened by the board of directors, the meeting shall be chaired by the chairperson of the board. When the chairperson of the board is on leave or for any reason unable to exercise the powers of the chairperson, the vice chairperson shall act in place of the chairperson; if there is no vice chairperson or the vice chairperson also is on leave or for any reason unable to exercise the powers of the vice chairperson, the chairperson shall appoint one of the managing directors to act as chair, or, if there are no managing directors, one of the directors shall be appointed to act as chair. Where the chairperson does not make such a designation, the managing directors or the directors shall select from among themselves one person to serve as chair.

When a managing director or a director serves as chair, as referred to in the preceding paragraph, the managing director or director shall be one who has held that position for six months or more and who understands the financial and business conditions of the Company. The same shall be true for a representative of a juristic person director that serves as chair.

It is advisable that shareholders meetings convened by the board of directors be chaired by the chairperson of the board in person and attended by a majority of the directors, at least one supervisor in person, and at least one member of each functional committee on behalf of the committee. The attendance shall be recorded in the meeting minutes.

If a shareholders meeting is convened by a party with power to convene but other than the board of directors, the convening party shall chair the meeting. When there are two or more such convening parties, they shall mutually select a chair from among themselves.

The Company may appoint its attorneys, certified public accountants, or related persons retained by it to attend a shareholders meeting in a non-voting capacity.

Article 8:

The Company, beginning from the time it accepts shareholder attendance registrations, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the shareholders meeting, and the voting and vote counting procedures.

The recorded materials of the preceding paragraph shall be retained for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the recording shall be retained until the conclusion of the litigation.

Where a shareholders meeting is held online, the Company shall keep records of shareholder registration, sign-in, check-in, questions raised, votes cast and results of votes counted by the Company, and continuously audio and video record, without interruption, the proceedings of the virtual meeting from beginning to end.

The information and audio and video recording in the preceding paragraph shall be properly kept by the Company during the entirety of its existence, and copies of the audio and video recording shall be provided to and kept by the party appointed to handle matters of the virtual meeting.

Article 9:

Attendance at shareholders meetings shall be calculated based on numbers of shares. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards handed in, and the shares checked in on the virtual meeting platform, plus the number of shares whose voting rights are exercised by correspondence or electronically.

The chair shall call the meeting to order at the appointed meeting time.

However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than one hour, may be made. If the quorum is not met after two postponements and the attending shareholders still represent less than one third of the total number of issued shares, the chair shall declare the meeting adjourned. In the event of a virtual shareholders meeting, the Company shall also declare the meeting adjourned at the virtual meeting platform.

If the quorum is not met after two postponements as referred to in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another shareholders meeting shall be convened within one month. In the event of a virtual shareholders meeting, shareholders intending to attend the meeting online shall re-register to the Company in accordance with Article 6.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the shareholders meeting pursuant to Article 174 of the Company Act.

Article 10:

If a shareholders meeting is convened by the board of directors, the meeting agenda shall be set by the board of directors. Votes shall be cast on each separate proposal in the agenda. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the shareholders meeting.

The provisions of the preceding paragraph apply mutatis mutandis to a shareholders meeting convened by a party with the power to convene that is not the board of directors.

The chair may not declare the meeting adjourned prior to completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the shareholders meeting. If the chair declares the meeting adjourned in violation of the rules of procedure, the other members of the board of directors shall promptly assist the

attending shareholders in electing a new chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders, and then continue the meeting.

The chair shall allow ample opportunity during the meeting for explanation and discussion of proposals and of amendments or extraordinary motions put forward by the shareholders; when the chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the chair may announce the discussion closed, call for a vote, and schedule sufficient time for voting.

Article 11:

Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak will be set by the chair.

A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

Except with the consent of the chair, a shareholder may not speak more than twice on the same proposal, and a single speech may not exceed 5 minutes. If the shareholder's speech violates the rules or exceeds the scope of the agenda item, the chair may terminate the speech.

When an attending shareholder is speaking, other shareholders may not speak or interrupt unless they have sought and obtained the consent of the chair and the shareholder that has the floor; the chair shall stop any violation.

When a juristic person shareholder appoints two or more representatives to attend a shareholders meeting, only one of the representatives so appointed may speak on the same proposal.

After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.

Where a virtual shareholders meeting is convened, shareholders attending the virtual meeting online may raise questions in writing at the virtual meeting platform from the chair declaring the meeting open until the chair declaring the meeting adjourned. No more than two questions for the same proposal may be raised. Each question shall contain no more than 200 words. The regulations in paragraphs 1 to 5 do not apply.

Article 12:

Voting at a shareholders meeting shall be calculated based the number of shares.

With respect to resolutions of shareholders meetings, the number of shares held by a shareholder with no voting rights shall not be calculated as part of the total number of issued shares.

When a shareholder is an interested party in relation to an agenda item, and there is the likelihood that such a relationship would prejudice the interests of the Company, that shareholder may not vote on that item, and may not exercise voting rights as proxy for any other shareholder.

The number of shares for which voting rights may not be exercised under the preceding paragraph shall not be calculated as part of the voting rights represented by attending shareholders.

With the exception of a trust enterprise or a shareholder services agent approved by the competent securities authority, when one person is concurrently appointed as proxy by two or more shareholders, the voting rights represented by that proxy may not exceed three percent of the voting rights represented by the total number of issued shares. If that percentage is exceeded, the voting rights in excess of that percentage shall not be included in the calculation.

Article 13:

A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under Article 179, paragraph 2 of the Company

Act.

When the Company holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that the Company avoid the submission of extraordinary motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Company before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to the Company, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except as otherwise provided in the Company Act and in the Company's Articles of Incorporation, the passage of a proposal shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. At the time of a vote, shall vote by the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they will be put to a vote. When any one among them is passed, the other proposals will then be deemed rejected, and no further voting shall be required.

Vote monitoring and counting personnel for the voting on a proposal shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the Company.

Vote counting for shareholders meeting proposals or elections shall be conducted in public at the place of the shareholders meeting. Immediately after vote counting has been completed, the results of the voting, including the statistical tallies of the numbers of votes, shall be announced on-site at the meeting, and a record made of the vote.

When the Company convenes a virtual shareholders meeting, after the chair declares the meeting open, shareholders attending the meeting online shall cast votes on proposals and elections on the virtual meeting platform before the chair announces the voting session ends or will be deemed abstained from voting.

In the event of a virtual shareholders meeting, votes shall be counted at once after the chair announces the voting session ends, and results of votes and elections shall be announced immediately.

When the Company convenes a hybrid shareholders meeting, if shareholders who have registered to attend the meeting online in accordance with Article 6 decide to attend the physical

shareholders meeting in person, they shall revoke their registration two days before the shareholders meeting in the same manner as they registered. If their registration is not revoked within the time limit, they may only attend the shareholders meeting online.

When shareholders exercise voting rights by correspondence or electronic means, unless they have withdrawn the declaration of intent and attended the shareholders meeting online, except for extraordinary motions, they will not exercise voting rights on the original proposals or make any amendments to the original proposals or exercise voting rights on amendments to the original proposal.

Article 14:

The election of directors at a shareholders meeting shall be held in accordance with the applicable election and appointment rules adopted by the Company, and the voting results shall be announced on-site immediately.

The ballots for the election referred to in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least one year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15:

Matters relating to the resolutions of a shareholders meeting shall be recorded in the meeting minutes. The meeting minutes shall be signed or sealed by the chair of the meeting and a copy distributed to each shareholder within 20 days after the conclusion of the meeting. The meeting minutes may be produced and distributed in electronic form.

The Company may distribute the meeting minutes of the preceding paragraph by means of a public announcement made through the MOPS.

The meeting minutes shall accurately record the year, month, day, and place of the meeting, the chair's full name, the methods by which resolutions were adopted, and a summary of the deliberations and their voting results (including the number of voting rights), and disclose the number of voting rights won by each candidate in the event of an election of directors. The minutes shall be retained for the duration of the existence of the Company.

Where a virtual shareholders meeting is convened, in addition to the particulars to be included in the meeting minutes as described in the preceding paragraph, the start time and end time of the shareholders meeting, how the meeting is convened, the chair's and secretary's name, and actions to be taken in the event of disruption to the virtual meeting platform or participation in the meeting online due to natural disasters, accidents or other force majeure events, and how issues are dealt with shall also be included in the minutes.

When convening a virtual-only shareholder meeting, other than compliance with the requirements in the preceding paragraph, the Company shall specify in the meeting minutes alternative measures available to shareholders with difficulties in attending a virtual-only shareholders meeting online.

Article 16:

On the day of a shareholders meeting, the Company shall compile in the prescribed format a statistical statement of the number of shares obtained by solicitors through solicitation, the number of shares represented by proxies and the number of shares represented by shareholders attending the meeting by correspondence or electronic means, and shall make an express disclosure of the same at the place of the shareholders meeting. In the event a virtual shareholders meeting, the Company shall upload the above meeting materials to the virtual meeting platform at least 30 minutes before the meeting starts, and keep this information disclosed until the end of the

meeting.

During the Company's virtual shareholders meeting, when the meeting is called to order, the total number of shares represented at the meeting shall be disclosed on the virtual meeting platform. The same shall apply whenever the total number of shares represented at the meeting and a new tally of votes is released during the meeting.

Article 17:

Staff handling administrative affairs of a shareholders meeting shall wear identification cards or arm bands.

The chair may direct the proctors or security personnel to help maintain order at the meeting place. When proctors or security personnel help maintain order at the meeting place, they shall wear an identification card or armband bearing the word "Proctor."

At the place of a shareholders meeting, if a shareholder attempts to speak through any device other than the public address equipment set up by the Company, the chair may prevent the shareholder from so doing.

When a shareholder violates the rules of procedure and defies the chair's correction, obstructing the proceedings and refusing to heed calls to stop, the chair may direct the proctors or security personnel to escort the shareholder from the meeting.

Article 18:

When a meeting is in progress, the chair may announce a break based on time considerations. If a force majeure event occurs, the chair may rule the meeting temporarily suspended and announce a time when, in view of the circumstances, the meeting will be resumed.

If the meeting venue is no longer available for continued use and not all of the items (including extraordinary motions) on the meeting agenda have been addressed, the shareholders meeting may adopt a resolution to resume the meeting at another venue.

A resolution may be adopted at a shareholders meeting to defer or resume the meeting within five days in accordance with Article 182 of the Company Act.

Article 19:

In the event of a virtual shareholders meeting, the Company shall disclose real-time results of votes and election immediately after the end of the voting session on the virtual meeting platform according to the regulations, and this disclosure shall continue at least 15 minutes after the chair has announced the meeting adjourned.

Article 20:

When the Company convenes a virtual-only shareholders meeting, both the chair and secretary shall be in the same location.

Article 21:

In the event of a virtual shareholders meeting, when declaring the meeting open, the chair shall also declare, unless under a circumstance where a meeting is not required to be postponed to or resumed at another time under Article 44-20, paragraph 4 of the Regulations Governing the Administration of Shareholder Services of Public Companies, if the virtual meeting platform or participation in the virtual meeting is obstructed due to natural disasters, accidents or other force majeure events before the chair has announced the meeting adjourned, and the obstruction continues for more than 30 minutes, the meeting shall be postponed to or resumed on another date within five days, in which case Article 182 of the Company Act shall not apply.

For a meeting to be postponed or resumed as described in the preceding paragraph, shareholders

who have not registered to participate in the affected shareholders meeting online shall not attend the postponed or resumed session.

For a meeting to be postponed or resumed under the first paragraph, the number of shares represented by, and voting rights and election rights exercised by the shareholders who have registered to participate in the affected shareholders meeting and have successfully signed in the meeting, but do not attend the postpone or resumed session, at the affected shareholders meeting, shall be counted towards the total number of shares, number of voting rights and number of election rights represented at the postponed or resumed session.

During a postponed or resumed session of a shareholders meeting held under the first paragraph, no further discussion or resolution is required for proposals for which votes have been cast and counted and results have been announced, or list of elected directors.

When the Company convenes a hybrid shareholders meeting, and the virtual meeting cannot continue as described in first paragraph, if the total number of shares represented at the meeting, after deducting those represented by shareholders attending the virtual shareholders meeting online, still meets the minimum legal requirement for a shareholder meeting, then the shareholders meeting shall continue, and not postponement or resumption thereof under the first paragraph is required.

Under the circumstances where a meeting should continue as in the preceding paragraph, the shares represented by shareholders attending the virtual meeting online shall be counted towards the total number of shares represented by shareholders present at the meeting, provided these shareholders shall be deemed abstaining from voting on all proposals on meeting agenda of that shareholders meeting.

When postponing or resuming a meeting according to the first paragraph, the Company shall handle the preparatory work based on the date of the original shareholders meeting in accordance with the requirements listed under Article 44-20, paragraph 7 of the Regulations Governing the Administration of Shareholder Services of Public Companies.

For dates or period set forth under Article 12, second half, and Article 13, paragraph 3 of Regulations Governing the Use of Proxies for Attendance at Shareholder Meetings of Public Companies, and Article 44-5, paragraph 2, Article 44-15, and Article 44-17, paragraph 1 of the Regulations Governing the Administration of Shareholder Services of Public Companies, the Company shall handle the matter based on the date of the shareholders meeting that is postponed or resumed under the first paragraph.

Article 22:

When convening a virtual-only shareholders meeting, the Company shall provide appropriate alternative measures available to shareholders with difficulties in attending a virtual shareholders meeting online. Except in the circumstances set out in Article 44-9, paragraph 6 of the Regulations Governing the Administration of Shareholder Services of Public Companies, it shall at least provide the shareholders with connection facilities and necessary assistance, and specify the period during which shareholders may apply to the Company and other related matters requiring attention.

Article 23:

- D. No more than 3 months may elapse between the date of the appraisal report issued by a professional appraiser and the contract execution date; provided, where the publicly announced current value for the same period is used and not more than 6 months have elapsed, an opinion may still be issued by the original professional appraiser.
- E. When Syn-Tech acquires or disposes of assets through court auction procedures, the evidentiary documentation issued by the court may be substituted for the appraisal report or CPA opinion.

Article 8 :

- 1. Assessment and operating procedures.
In trading of long-term and short-term securities shall be handled according to the internal control system investment cycle procedures.
- 2. Procedure for determining the terms of the transaction and the amount of authorization.
 - A. The trading of securities in the stock exchange market or over-the-counter market shall be decided by the responsible unit according to the market conditions. If the amount less than NT\$100 million, it shall be authorized the chairman to decide such matters. If the amount exceeds NT\$100 million, it must be approved by the audit committee and the board of directors.
 - B. The trading of securities not in the stock exchange market or over-the-counter market shall, prior to the date of occurrence of the event, obtain financial statements of the issuing company for the most recent period, certified or reviewed by a certified public accountant, for reference in appraising the transaction price, taking into account its net value per share, profitability and future development potential; the amount less than NT\$100 million shall be authorized the chairman to decide such matters, whose amount exceeds NT\$100 million, it must be approved by the audit committee and the board of directors.
- 3. The units responsible for implementation.
When Syn-Tech invest long-term and short-term securities, shall conduct such matters in compliance with the provisions of the preceding paragraph. Responsible by the Financial Department.
- 4. Get the expert opinion.
 - A. In acquiring or disposing of securities, the dollar amount of the transaction is 20 percent of Syn-Tech's paid-in capital or NT\$300 million or more, Syn-Tech shall additionally engage a certified public accountant prior to the date of occurrence of the event to provide an opinion regarding the reasonableness of the transaction price. This requirement does not apply, however, to publicly quoted prices of securities that have an active market, or where otherwise provided by regulations of the Financial Supervisory Commission (FSC).

- B. When Syn-Tech acquires or disposes of assets through court auction procedures, the evidentiary documentation issued by the court may be substituted for the appraisal report or CPA opinion.

Article 9 : Procedures for the related party Transactions.

1. When Syn-Tech engages in any acquisition or disposal of assets from or to a related party, in addition to ensuring that the necessary resolutions are adopted and the reasonableness of the transaction terms is appraised, if the transaction amount reaches 10 percent or more of the company's total assets, the company shall also obtain an appraisal report from a professional appraiser or a CPA's opinion in compliance with the provisions of Article 7, 8, 10 and the following Section.

The calculation of the transaction amount referred to in the preceding paragraph shall be made in accordance with Article 11 herein.

When judging whether a trading counterparty is a related party, in addition to legal formalities, the substance of the relationship shall also be considered.

2. Assessment and operating procedures.

When Syn-Tech intends to acquire or dispose of real property or right-of-use assets thereof from or to a related party, or when it intends to acquire or dispose of assets other than real property or right-of-use assets thereof from or to a related party and the transaction amount reaches 20 percent or more of paid-in capital, 10 percent or more of the company's total assets, or NT\$300 million or more, except in trading of domestic government bonds or bonds under repurchase and resale agreements, or subscription or redemption of money market funds issued by domestic securities investment trust enterprises, Syn-Tech may not proceed to enter into a transaction contract or make a payment until the following matters have been approved by the audit committee and the board of directors:

- A. The purpose, necessity and anticipated benefit of the acquisition or disposal of assets.
- B. The reason for choosing the related party as a trading counterparty.
- C. With respect to the acquisition of real property or right-of-use assets thereof from a related party, information regarding appraisal of the reasonableness of the preliminary transaction terms in accordance with paragraph 1 and 4 of the third paragraph herein.
- D. The date and price at which the related party originally acquired the real property, the original trading counterparty, and that trading counterparty's relationship to the company and the related party.
- E. Monthly cash flow forecasts for the year commencing from the anticipated month of signing of the contract, and evaluation of the necessity of the transaction, and reasonableness of the funds utilization.
- F. An appraisal report from a professional appraiser or a CPA's opinion obtained in compliance with the paragraph 1 herein.
- G. Restrictive covenants and other important stipulations associated with the transaction.

With respect to the types of transactions listed below, when to be conducted between Syn-Tech and its parent or subsidiaries, or between its subsidiaries in which it directly or indirectly holds 100 percent of the issued shares or authorized capital, the board of directors may delegate the board chairman to decide such matters when the transaction is less than NT\$20 million and have the decisions subsequently submitted to and ratified by the next board of directors meeting:

- 1. Acquisition or disposal of equipment or right-of-use assets thereof held for business use.
- 2. Acquisition or disposal of real property right-of-use assets held for business use.

Where the position of independent director has been created in accordance with the provisions of the Act, when a matter is submitted for discussion by the board of directors pursuant to

paragraph 2, the board of directors shall take into full consideration each independent director's opinions. If an independent director objects to or expresses reservations about any matter, it shall be recorded in the minutes of the board of directors meeting.

Where an audit committee has been established in accordance with the law, the matters for which paragraph 2 shall first be approved by one-half or more of all audit committee members and then submitted to the board of directors for a resolution, and shall be subject to mutatis mutandis application of Article 19, paragraphs 3 and 4.

If Syn-Tech or a subsidiary thereof that is not a domestic company will have a transaction set out in paragraph 1 and the transaction amount will reach 10 percent or more of Syn-Tech's total assets, Syn-Tech shall submit the materials in all the subparagraphs of paragraph 1 to the shareholders meeting for approval before the transaction contract may be entered into and any payment made. However, this restriction does not apply to transactions between Syn-Tech and its parent company or subsidiaries or between its subsidiaries.

The calculation of the transaction amounts referred to in paragraph 1 and the preceding paragraph shall be made in accordance with Article 15, paragraph 1 herein, and "within the preceding year" as used herein refers to the year preceding the date of occurrence of the current transaction. Items that have been approved by the shareholders meeting or audit committee and board of directors need not be counted toward the transaction amount.

3. Evaluate the reasonableness of the transaction costs.
 1. Syn-Tech that acquires real property or right-of-use assets thereof from a related party shall evaluate the reasonableness of the transaction costs by the following means:
 - A. Based upon the related party's transaction price plus necessary interest on funding and the costs to be duly borne by the buyer. "Necessary interest on funding" is imputed as the weighted average interest rate on borrowing in the year the company purchases the property; provided, it may not be higher than the maximum non-financial industry lending rate announced by the Ministry of Finance.
 - B. Total loan value appraisal from a financial institution where the related party has previously created a mortgage on the property as security for a loan; provided, the actual cumulative amount loaned by the financial institution shall have been 70 percent or more of the financial institution's appraised loan value of the property and the period of the loan shall have been 1 year or more. However, this shall not apply where the financial institution is a related party of one of the trading counterparties.
 2. Where land and structures thereupon are combined as a single property purchased or leased in one transaction, the transaction costs for the land and the structures may be separately appraised in accordance with either of the means listed in the preceding paragraph.
 3. Syn-Tech that acquires real property or right-of-use assets thereof from a related party and appraises the cost of the real property or right-of-use assets thereof in accordance with paragraph 1 and 2 of the third paragraph herein shall also engage a CPA to check the appraisal and render a specific opinion.
 4. When the results of Syn-Tech's appraisal conducted in accordance with paragraph 1 and 2 of the third paragraph herein are uniformly lower than the transaction price, the matter shall be handled in compliance with paragraph 5 of the third paragraph herein. However, where the following circumstances exist, objective evidence has been submitted and specific opinions on reasonableness have been obtained from a professional real property appraiser and a CPA have been obtained, this restriction shall not apply:
 1. Where the related party acquired undeveloped land or leased land for development, it may submit proof of compliance with one of the following conditions:
 - A. Where undeveloped land is appraised in accordance with the means in paragraph 1, 2, 3

and 6 of the third paragraph herein, and structures according to the related party's construction cost plus reasonable construction profit are valued in excess of the actual transaction price. The "Reasonable construction profit" shall be deemed the average gross operating profit margin of the related party's construction division over the most recent 3 years or the gross profit margin for the construction industry for the most recent period as announced by the Ministry of Finance, whichever is lower.

- B. Completed transactions by unrelated parties within the preceding year involving other floors of the same property or neighboring or closely valued parcels of land, where the land area and transaction terms are similar after calculation of reasonable price discrepancies in floor or area land prices in accordance with standard property market sale or leasing practices.
2. When Syn-Tech acquiring real property, or obtaining real property right-of-use assets through leasing, from a related party provides evidence that the terms of the transaction are similar to the terms of completed transactions involving neighboring or closely valued parcels of land of a similar size by unrelated parties within the preceding year. Completed transactions involving neighboring or closely valued parcels of land in the preceding paragraph in principle refers to parcels on the same or an adjacent block and within a distance of no more than 500 meters or parcels close in publicly announced current value; transactions involving similarly sized parcels in principle refers to transactions completed by unrelated parties for parcels with a land area of no less than 50 percent of the property in the planned transaction; within the preceding year refers to the year preceding the date of occurrence of the acquisition of the real property or obtainment of the right-of-use assets thereof.
5. When Syn-Tech acquires real property or right-of-use assets thereof from a related party and the results of appraisals conducted in accordance with paragraph 1 and 2 of the third paragraph herein are uniformly lower than the transaction price, the following steps shall be taken. And Syn-Tech that has set aside a special reserve under the preceding paragraph may not utilize the special reserve until it has recognized a loss on decline in market value of the assets it purchased or leased at a premium, or they have been disposed of, or the leasing contract has been terminated, or adequate compensation has been made, or the status quo ante has been restored, or there is other evidence confirming that there was nothing unreasonable about the transaction, and the FSC has given its consent.
- A. A special reserve shall be set aside in accordance with Article 41, paragraph 1 of Securities and Exchange Act against the difference between the real property or right-of-use assets thereof transaction price and the appraised cost, and may not be distributed or used for capital increase or issuance of bonus shares. Where a public company uses the equity method to account for its investment in Syn-Tech, then the special reserve called for under Article 41, paragraph of Securities and Exchange Act shall be set aside pro rata in a proportion consistent with the share of public company's equity stake in the other company.
 - B. The independent director members of the audit committee shall be subject to mutatis mutandis application of Article 218 of the Company Act.
 - C. Actions taken pursuant to point 1 and 2 of paragraph 5 of the third paragraph herein shall be reported to a shareholders meeting, and the details of the transaction shall be disclosed in the annual report and any investment prospectus.
6. When Syn-Tech acquires real property or right-of-use assets thereof from a related party and one of the following circumstances exists, the acquisition shall be conducted in accordance with paragraph 1 and 2 herein, and paragraph 1, 2 and 3 of the third paragraph herein do not

apply:

- A. The related party acquired the real property or right-of-use assets thereof through inheritance or as a gift.
 - B. More than 5 years will have elapsed from the time the related party signed the contract to obtain the real property or right-of-use assets thereof to the signing date for the current transaction.
 - C. The real property is acquired through signing of a joint development contract with the related party, or through engaging a related party to build real property, either on the company's own land or on rented land.
 - D. The real property right-of-use assets for business use are acquired by Syn-Tech with its parent or subsidiaries, or by its subsidiaries in which it directly or indirectly holds 100 percent of the issued shares or authorized capital.
7. When Syn-Tech obtains real property or right-of-use assets thereof from a related party, it shall also comply with paragraph 5 of the third paragraph herein if there is other evidence indicating that the acquisition was not an arms length transaction.

Article 10 : Procedures for acquiring or disposing of intangible assets or right-of-use assets thereof or memberships.

1. Assessment and operating procedures.

In acquiring or disposing of intangible assets or right-of-use assets thereof or memberships shall be handled according to the internal control system Property, plant and equipment cycle procedures.

2. Procedure for determining the terms of the transaction and the amount of authorization.

Article 14 : Regulations governing that conducts a merger, demerger, acquisition, or transfer of shares.

1. Assessment and operating procedures.

A. When Syn-Tech conducts a merger, demerger, acquisition, or transfer of shares, could invite an attorney, CPA and securities underwriter to jointly discuss the projected schedule of statutory proceedings and organize a project team to execute in accordance with the legal procedures. Prior to convening the board of directors to resolve on the matter, shall engage a CPA, attorney, or securities underwriter to give an opinion on the reasonableness of the share exchange ratio, acquisition price, or distribution of cash or other property to shareholders, and submit it to the board of directors for deliberation and passage. However, the requirement of obtaining an aforesaid opinion on reasonableness issued by an expert may be exempted in the case of a merger by Syn-Tech of a subsidiary in which it directly or indirectly holds 100 percent of the issued shares or authorized capital, and in the case of a merger between subsidiaries in which the public company directly or indirectly holds 100 percent of the respective subsidiaries' issued shares or authorized capital.

B. When Syn-Tech participating in a merger, demerger, acquisition, or transfer of shares shall prepare a public report to shareholders detailing important contractual content and matters relevant to the merger, demerger, or acquisition prior to the shareholders meeting and include it along with the expert opinion referred to subparagraph 1 of paragraph 1 of this Article when sending shareholders notification of the shareholders meeting for reference in deciding whether to approve the merger, demerger, or acquisition. Provided, where a provision of another act exempts a company from convening a shareholders meeting to approve the merger, demerger, or acquisition, this restriction shall not apply. When the shareholders meeting of any one of the companies participating in a merger, demerger, or acquisition fails to convene or pass a resolution due to lack of a quorum, insufficient votes, or other legal restriction, or the proposal is rejected by the shareholders meeting, the companies participating in the merger, demerger or acquisition shall immediately publicly explain the reason, the follow-up measures, and the preliminary date of the next shareholders meeting.

2. Other precautions.

A. Date of board of directors: A company participating in a merger, demerger, or acquisition shall convene a board of directors meeting and shareholders meeting on the day of the transaction to resolve matters relevant to the merger, demerger, or acquisition, unless another act provides otherwise or the competent authority is notified in advance of extraordinary circumstances and grants consent. A company participating in a transfer of shares shall call a board of directors meeting on the day of the transaction, unless another act provides otherwise or the competent authority is notified in advance of extraordinary circumstances and grants consent.
